MEMORANDUM FOR: Participants in HPSCI Hearings on
Community ADP

FROM:

Director, Office of Community

STAT

SUBJECT: Congressman Rose's Letter to the
DCI dtd 14 June 1978

1. For your information, I am attaching a copy of Congressman Rose's letter of 14 June 1978 to the DCI concerning Community ADP.

2. As I had reported to the Information Handling Committee at its June meeting, it was my impression, based upon subsequent conversations with Chairman Rose and members of the Committee staff, that our presentation on Community ADP to the Subcommittee of the HPSCI was very well received, and that the net result was the establishment of a strong foundation for future interaction with the Committee on Community ADP problems.

3. I would like to express my appreciation to all of you who worked with this office to achieve a balanced and coordinated presentation on the part of the Community. The achievement of this goal required a substantial investment of time and effort by all participants, but I believe that it is one that will pay substantial dividends in the future.

Dear Congressman Rose:

I appreciate very much your letter of June 16th concerning Intelligence Community ADP problems, with its promise of support to us as we work to continue to improve our performance in this vital area.

Shortly after I assumed my position as Director of Central Intelligence, I realized the necessity for stronger planning for and management of ADP resources at the DCI level. It was for this reason that I established the Office of Community Information Systems.

STAT

You may be assured that [] has my complete support in his efforts to accomplish the objectives we agree must be achieved.
